This Bible study guide is about . . .

Lessons one through four are about God calling us to serve others..

- God wants us to help people.
- We listen when God calls us.
- We serve others because we love God.
- God wants me to speak out for others.

Lessons five through eight tell us about God's great love for us.

- God is glad He made us His children.
- God rescues us from Satan.
- We can't save ourselves; Jesus saves us.
- When God wins, we win.

Lessons nine through thirteen focus on how worship makes us joyful every day.

- We are joyful when we build our lives on Jesus.
- We worship a God who gives eternal life.
- We worship God when we are thankful.
- Worship is rejoicing in God's presence.
- We worship God when we praise Him.

God's grace. Grace is a word that helps explain God's love in action toward people who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So, God's grace is power. It's the unlimited, for-sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.

To the leaders/teachers,

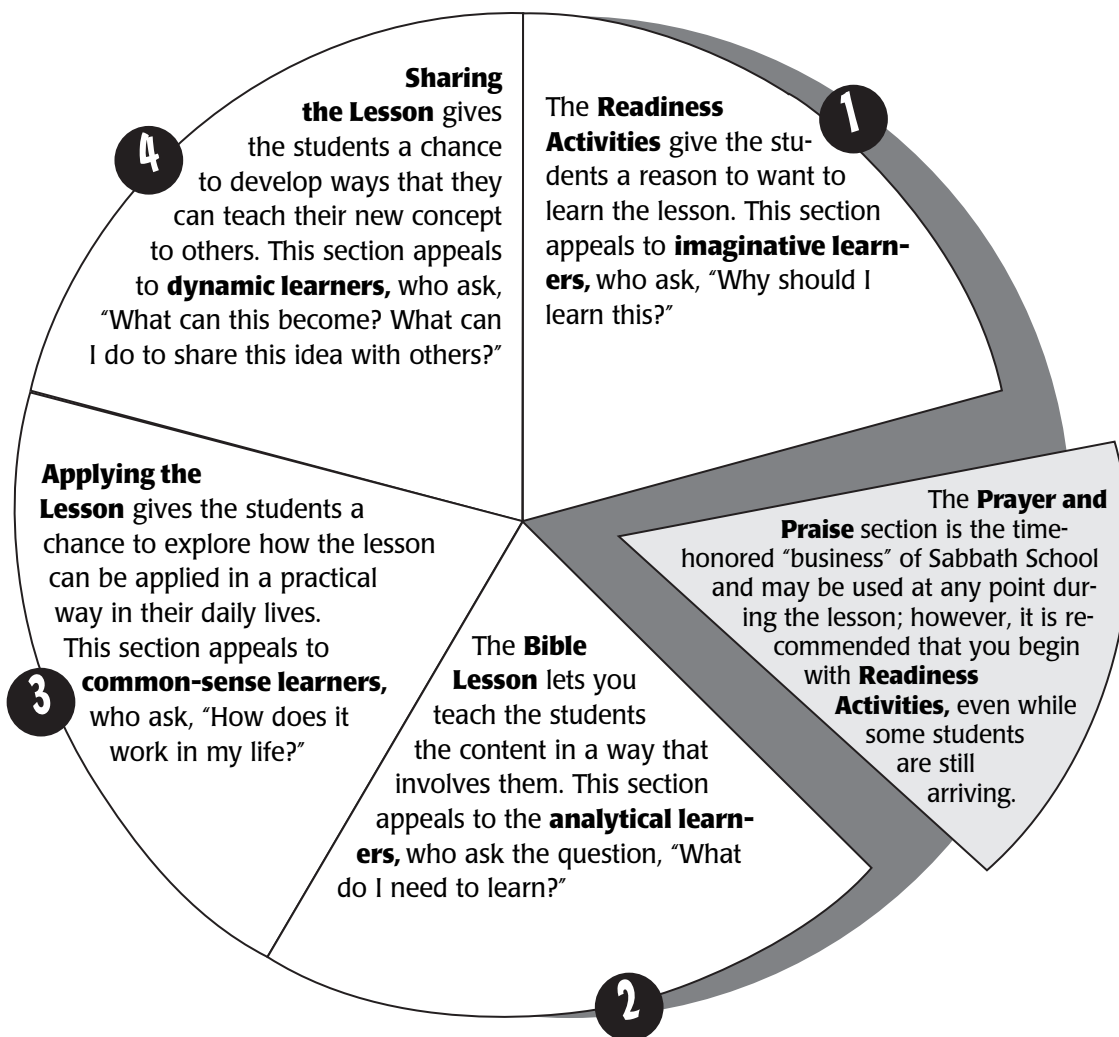

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God’s grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God’s love created and sustains.

C. Give students active learning experiences so they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these lesson outlines were based, you will also connect students with “the message” for the week in a way that will capture each one’s attention and imagination.

E. Involve the adult Sabbath School staff in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group

facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator's part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children's Ministries director.)

To use this guide . . .

Try to follow the natural learning sequence outlined, but adapt activities as necessary to make the program work in your particular situation.
