THE REFORMATION HISTORY LIBRARY

AGES Software and Hartland Publications are excited to announce the release of the *Reformation History Library*. The *Reformation History Library* will provide the reader with a new insight and information that is not available on any other CD package.

It would be impossible for us to fathom the tribulations that early Christians were forced to endure. It is easy for today's Christians to take our religious liberties for granted. We can worship freely without the fear of persecution, however, it was not always that way. Many brave men and women died for their faith during an important era which we now call the Reformation. The sacrifices that these men and women made, that we reap the fruit of today should not be forgotten, lest history repeat itself.

Included are works like the 8 volume *Acts and Monuments* by John Foxe, *The History of Protestantism* by J. A. Wylie, *The Protector* and *History of the Reformation in the 16th Century* by J.H. Merle d'Aubigne. Plus over 50 resources from such authors as; John Knox, Andrew Miller, Peter Allix, David Benedict, William Jones, Henri Arnaud, and Jean Paul Perrin. There are over 50 books and 650 graphic illustrations that depict the history of the Reformation era.

To make this package even more complete, works such as: *The Calvin Institutes*, *The 95 Theses*, *The Works of Josephus* and *The Ante-Nicene Fathers* have been included.
