This Bible study guide is about . . .

Lessons one through four are about living with others in the family of God.

- We learn about God together.
- Together, we learn that Jesus is most important.
- Believers encourage one another.
- Knowing God changes our lives.

Lessons five through eight help us to serve God better.

- By serving, we show Jesus to others.
- We serve God when we bring healing to others.
- We serve when we help others understand the Bible.
- Helping others is serving them.

Lessons nine through thirteen help us understand how to worship God.

- God is worthy of our worship.
- We will worship God forever.
- We can worship God every day.
- Church is a place of refuge.
- We worship God with our offerings.

God's grace. Grace is a word that helps explain God's love in action toward people, who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So, God's grace is power. It's the unlimited, for-sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.

To the leaders/teachers,

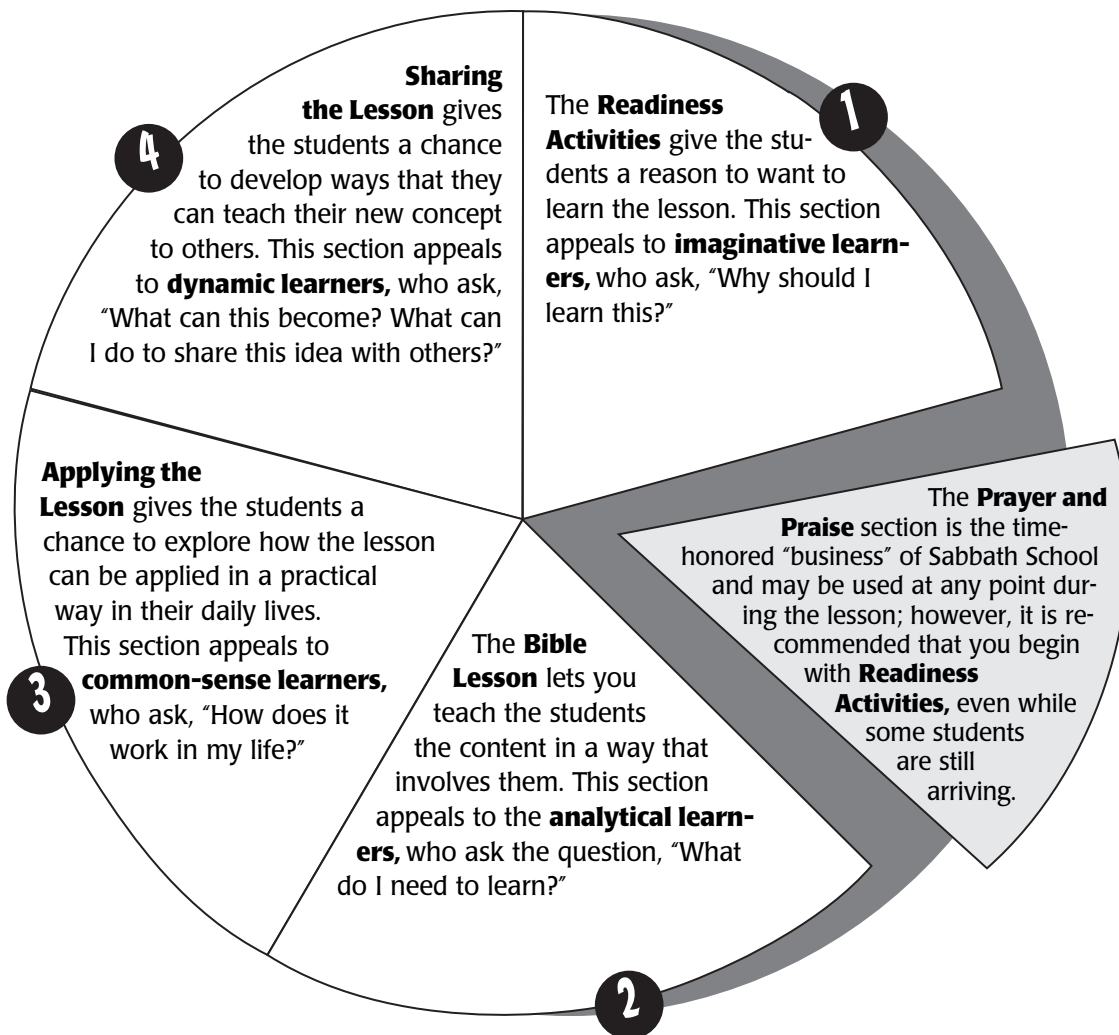

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God’s grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God’s love created and sustains.

C. Give students active learning experiences so they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these lesson outlines were based, you will also connect students with “the message” for the week in a way that will capture each one’s attention and imagination.

E. Involve the adult Sabbath School staff in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group

facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator's part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children's Ministries director.)

To use this guide . . .

Try to follow the natural learning sequence outlined, but adapt activities as necessary to make the program work in your particular situation.
