This Bible study guide is about . . .

Lessons one through four are about knowing how others can see Jesus in us.

- We serve God when we help others.
- I serve God when I share my home with others.
- I serve God when I tell others about Him.
- I serve God by helping people in emergency situations.

Lessons five through eight teach us why we worship Jesus.

- I worship God when I enjoy His weekly gift, the Sabbath.
- I worship God when I give Him first place in my life.
- I worship God when I pray and wait for His answers.
- When I worship God, others see His love and power.

Lessons nine through thirteen remind us that we are members of God's family.

- I tell others I belong to God's family when I choose to be baptized.
- Everyone is included in God's love.
- People in God's family never stop caring for each other.
- People in God's family can always be ready for Jesus to come.
- Taking care of those in need is like taking care of Jesus.

God's grace. Grace is a word that helps explain God's love in action toward people, who don't deserve it.

- Grace is God's love providing Jesus Christ as a sacrifice for our sins.
- Grace is God's love encouraging us to accept that sacrifice.
- Grace is God's love inspiring us to respond in praise and worship.
- Grace is God's love giving us the wisdom and strength to treat one another with love and respect, just the way He treats us.

So, welcome to *GraceLink*. God's grace is power. It's the unlimited, for sure, forever power that finds you and fills you up with everything you need to live a full and wonderful life in Him.

To the leaders/teachers,

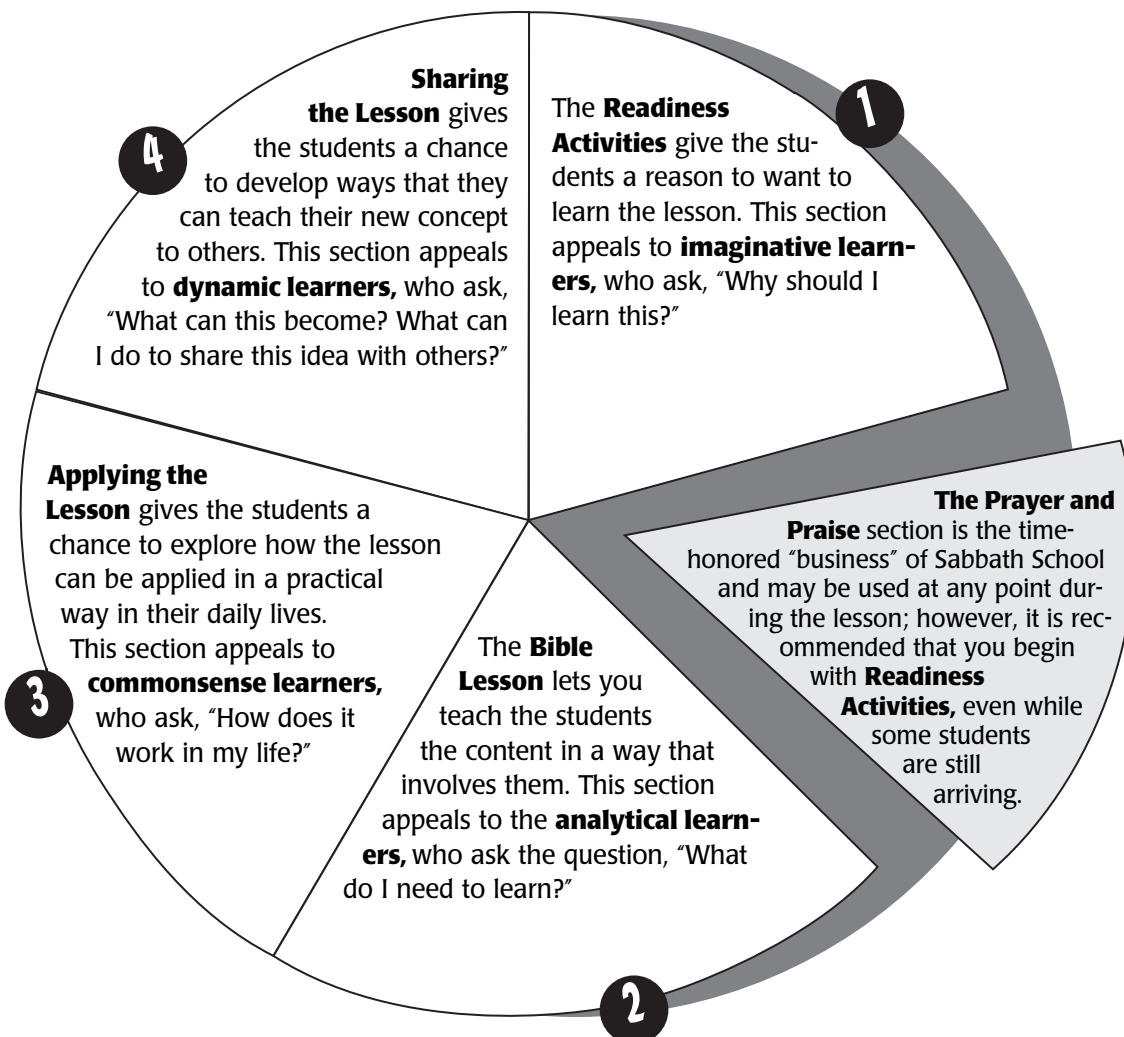

These guides were developed to:

A. Introduce the lesson on Sabbath, inspiring students to study that same lesson throughout the following week.

B. Focus the entire Sabbath School time on one message, one point about God's grace, the response of worship we make to that grace, or how that grace empowers our loving relationships with one another and our service to a world God's love created and sustains.

C. Give students active learning experiences so that they can more readily internalize the truths being presented. These experiences are followed by debriefing sessions in which you ask questions that lead the students to reflect on what they experience, interpret the experience, and apply that information to their lives.

D. Reach each student in the way he or she learns best. By following the natural learning sequence on which these outlines were based, you will also connect students with the message for the week in a way that will capture each one's attention and imagination.

E. Involve the adult Sabbath School staff in new and flexible ways. A very small Sabbath School can be managed by one adult.

A larger Sabbath School can be managed by one leader/teacher with other adult volunteers to facilitate the small group interaction. This gives small group

facilitators a maximum involvement with the students and their dynamic learning while requiring a minimum of preparation on the facilitator's part.

A creative alternative is to enlist leaders/teachers with different personal learning styles to lead different segments of the program.

(For more detailed information about the natural learning sequence, the learning styles, and other dynamics of teaching and learning, contact your conference Sabbath School or Children's Ministries directors.)

To use this guide . . .

Try to follow the natural learning sequence outlines, but adapt activities as necessary to make the program work in your particular situation.
